

CHUSBC 700 Club

New Lane Patterns

The CHUSBC 700 Club is going to try something new this year. Starting with the first tournament at Harford Lanes on September 20th, we are going to use Kegel's "Challenge" patterns for most of our tournaments. These are **NOT** Sport patterns but lane conditions that are between what you bowl on in league and a Sport condition.

With the growth of the PBA Experience leagues as well as our own wish to simply try something new, it is our hopes that the 2009/2010 will provide some new experiences for some of our new members and also rekindle the interest for the members that have been around awhile.

As always, we would gladly like to hear your opinion and hope that if for know other reason you come and bowl on something new and test your ability.

You can view the patterns @

www.kegel.net
